38th Annual Mid Atlantic Chevelle Show

The 38th Annual Mid-Atlantic Chevelle Show was held on Friday, June 29th and Saturday, June 30, 2026 at the North East Community Park in North East, MD. This was the MCC's 28th consecutive show at this park! Hands down, we have THE BEST place to have a car show. We'd like to take a moment and thank the town of North East for having us back this year. Cudo's to Tom Berstler and his crew (Town Maintenance) who had the show field in tip-top shape.

For the show team, Thursday's setup was just another day. Tents were put up, tables placed in their spots, lines were perfectly straight on the field to mark where the cars would park and signs on the end of each row. You would have thought this wasn't their first rodeo. It was not! Like a fine oiled machine, they had the field laid out and marked in record time. The MCC ladies were busy setting up the tables with all of the MCC Merchandise ... Show T-shirts, Club T-shirts, Club hats and many other items that would be for sale. All was going to plan!

After a job well done, it was time to go eat. Folks coming early on Thursday has gotten bigger each year. Some ventured off to the Wellwood, some went to the Steak & Main, others went elsewhere. None-the-less, after our bellies were full, it was one BIG gathering in the hotel parking lot later that night to do what we do best...bench racing (and a few other things we won't mention!)

President's Report

Hi All,

"The Show" The MCC 38th Annual Summer Show is over. Thursday, Set up day was attended well and all went without a hitch as the crew got busy and did what was needed. The weather was great that day.

Friday, was Show & Shine Day and the Chevelles were lined up early to get on the field. The weather again was great. The evening started with a packed house for dinner at the Hotel, then it was off to the Poker Run up to Nottinghams Ice Cream. Congrats to Jesse Furman for winning the $100 for having the best hand. A few brave soles stopped off at Cecil Co Dragway to make a few passes on the way back. Tom Rightler, Ed Fischer, Chet Agabiti and Chaz to name a few. The good news is all their cars made it back in one piece.

Saturday "Show Day" Started out great and the rain got a little threatening. We were able to get through the very emotional ceremonies led by the Sea Cadets Honor Guard before the rain came. The show field emptied out some what but we still had a 112 Chevelles registered for the show, not horrible considering.

The rain cleared out by award time and many of the winners stayed even with the threat of weather. Thank you to ALL who did stay.

All in All we survived another great show. The date for next years show has already been locked in for June 25 & 26, 2027, in which plans have already been made as of this writing.

Special thanks to Tom Rightler, Jill Morris, Fred & Cupcakes (Evelyn) Gillis, & Mark Wilson, who all worked tirelessly throughout the year to make the 38th Show happen.

The membership as a whole, worked together as a group to make this show a success.

Without every single one of you this would not be possible. It would take pages to individual name all of you.

Thanks to all of the Member Sponsors & to all of you that brought in the Business sponsors.

We had a great response this year, it really does take a lot physically & monetary to put on a show this size.

Thank ALL of you again as it does take ALL of us , no matter how big or small your help was, it is appreciated.

Tom Morris
Prez

Membership Report

Annual MCC Membership is $25 per year and entitles you to 6 issues of MCCNews, the official publication of the Maryland Chevelle Club. Your annual dues should be sent to Tom at least **one month prior to your expiration date** to:

38th Annual Mid Atlantic Chevelle Show

Early Friday morning we were right back at it. Cars were lining up on the access road to get onto the field. Donnie, JJ and Bowen were ready for the task ... get the pre-registers cars checked in, all of the cars classified and onto the show field. Once the parkers arrived, it was game on! Before we knew it, there were about 60 cars (maybe more) on the field. Not shabby for a Friday!

Kra-Z was on hand to spin the tunes once again this year. Heck, can't remember a year he hasn't been with us.

There was a call for rain, and boy did it look like it was going to. Nice thing about a cloudy day is it didn't get too hot and the breeze coming off of the water felt really good! The god's were on our side. It never did rain and the show was in full swing.

This year we had a new vendor join us providing the food... Finnegan's Stadium Eats. On the menu was Steak and Cheese, Hot dogs, Sausage and many toppings to choose from. On the sweet side were funnel cakes. Prices were very reasonable... with many combos to choose from. Hopefully they will be back next year! Of course, what would the show be without Mr. Frosty! Yes!, they were there again this year!

It was great to see so many brave the weather and DRIVE their prized possessions to the show. Even the fresh outs couldn't resist putting their cars on the field for others to enjoy. Once again, mother nature was kind to us!

38th Annual Mid Atlantic Chevelle Show

Before we knew it, it was 4 PM and time to call it a day. As they were calling for bad weather early on Saturday, we anchored down everything on the Gazebo and headed back to the Comfort Inn for subs and pizza. This has been an ongoing tradition for many years now. The North East Fire Department provided the night-time security.

But the fun didn't stop there. After we gorged ourselves silly, it was time to head out for the poker run. Basically it's 5-card draw. The prize was $100 for the best hand and $50 for the worst hand. This year everyone in the car could participate. How it worked was, you drew two cards at the Comfort Inn hotel to start filling your sheet. You then headed to stop #1 (Veterans of Foreign Wars in Port Deposit, MD) to draw card #3. Finally on to the last stop, which was at the Nottingham Creamery in Nottingham, PA . You drew two more cards to finish your hand, then it was off to get your treat! Ice Cream and shakes are their specialty! It's such a scenic drive (~28 miles), that we have done the same route for over 4-years now. Lot's of country and of course the smells. Some good ... some not so good..LOL.

After Ice Cream, some headed back to the hotel and a few stopped by the Cecil County Dragway to run their Chevelle's. Ed's '68 was the quickest down the track!

The track was not as busy as usual and the guys were able to make a couple of runs pretty quickly. Now it was time to head back to the hotel to join in on the fun! Once again the parking lot was full to the brim with Chevelle's!

38th Annual Mid Atlantic Chevelle Show

Saturday morning started out pretty good. Clouds were a plenty and just threatening to let loose. Still we had even more cars coming in, not worrying about what lied ahead.

The rain came, and left almost as quick. Not too many rushed off the field and others just wiped the cars down when it was done. The field dried very quickly and it was game on ... once again.

Every year we officially start the show with an opening ceremony. Composed by long time friend of the MCC,

John Truman, each year it just gets better and better! We were honored to have the Sea Cadets Honor Guard lead the precession of '66 Chevelle's, lined up red, white and blue. In each car was a US Armed Service member. We thank you for your service!

A couple more light showers and then poof... the rain was gone. This year we had 111 registered Chevelles. Most of them showed up and were on the field representing 12 different states! After the awards presentation, the MCC packed things up and headed to Pier 1 in North East for dinner. As always we packed the place and our favorite server Cathy was on hand to serve us up. After dinner we were off to Woody's Ice Cream Alley for desert. What else? ICE CREAM. Things got a little crazy, but that's just par for the course.

We received many compliments on the show and it was well deserved. Many thanks to all of those to help make the show a success! If you missed the show, you will have another opportunity next year ... June 25-26, 2027. CYA THERE!

38th Annual Mid Atlantic Chevelle Show

Finally had a little time to relax and unwind from a whirlwind of 3 days in North East, MD for our annual Mid Atlantic Chevelle Show, 38 years, 27 in the same park which is arguably one of the best settings for a car show on the east coast.

We started off on Thursday afternoon with show setup which went flawless just as it has in many years past. I was finally able to make just one trip to North East Thursday morning instead of my usual 2. That was a bit refreshing and less stressful. Mark Waters and Ed Fischer really have setting the class rows on the field down to a science. They have that element handled in no time at all along with all of the other volunteers that make quick work of that task. The rest of the team (Fred, Jim, Chet, Chris, Cameron, and others) that sets the other parts of the field up (flag barriers, signs, trash cans), you guys are an INVALUABLE asset to what we do and I thank you for it. Capped off the day with a nice Tomahwak and cold Yeungling at Steak & Maine.

Friday was a picture perfect day. A lot of great Chevelles came out for the day. Idid make some time to go around the field, get some pictures and talk to some of the show goers. We had a really nice gathering in the hotel Friday prior to the poker run, a great cruise up to Nottingham followed by some action at Cecil County Dragway where 6 of us took Chevelles down the track. Back at the hotel, we spent hours out in the parking lot bench racing and having a good time in general. My personal favorite part about Chevelle shows, the after hours. Even some shenanigans were had (see pic below).

Saturday brought us some rain for an hour and a half but that's ok, we still had a bunch of cars on the field brave the wetness. We were able to get the opening ceremony off without a hitch, which is one of my favorite parts of the event.

I also got to bring out a 1971 SS convertible I just finished restoring for a client. Hopefully everyone got a minute to check it out.
Thanks to everyone that helped make this another successful event. We couldn't do it without you. I have a ton of pics that I took as well as others that I'll organize and post in the next few days.

Tom Rightler - VP

38th Annual Mid Atlantic Chevelle Show

A HUGE shout out to Maryland Chevelle Club thank you all for putting on another fantastic event! I know how much work it is to put on a show, being a board member of the Northeast Chevelle Club. You guys have it down to a science! It was great to meet some more MCC members this weekend also.
It was quite the road trip driving the ole' cars down to Maryland from Massachusetts and back..... unfortunately we arrived home well before our Chevelle but that's all part of the game!
I hope some of you will consider coming to our show up in Sturbridge, Ma this August.

Dave Harris - NECEC VP

Thank you to all the MCC club members who spent tireless hours putting on the show this past weekend! You do a great job and make it such a great show for everyone. Mike and I really enjoy coming!

Marnie Carpinella

Had a great time again at the MD show, since my first one in 2002, (missed a few in between) never fails to disappoint and always such a great show. Always love the opening ceremony. You guys do an amazing job, thank you all so much!!!! See you next year.

Richard Recupero

38th Annual Mid Atlantic Chevelle Show

Now that the dust has settled. I want to thank the MCC for putting on another great show this past weekend. It is always great to share good times, food and stories with good friends.
We are humbled and honored to receive a special award as being chosen by the Sea Cadets Color Guard from William E. Taylor Division, New Castle, DE. It was great to meet you all.

Amena & David Price

Thank you all for hosting an amazing event last weekend. It was my first time at the show and it was just amazing. On top of too many amazing Chevelles to count, the show was just so well organized and run I was astounded! Great job by the many, many people who made it run so smoothly. If any are interested, I posted a video on my Youtube about our time at the show and about our misadventures on the way home to MA!
400 Miles in 50+ Year Old Chevelles, What Could Go Wrong?

https://www.youtube.com/watch?v=YzJ384CMuy4

Tom Walker

My friend Ron and I went to the show and had a good time in spite of the rain. It had been awhile since we had attended and since he moved out of town it was a wonderful opportunity to catch up with each other and enjoy the splendid cars on display. I particularly enjoyed the Day 2 1969 Chevelle and Ron enjoyed the original Z16s. See the attached pictures. Also, the prevalence of 1968 Chevelles was impressive!

Thanks for pulling together an awesome show!

Jim Renaud

38th Annual Mid Atlantic Chevelle Show

AND ANOTHER AWESOME SHOW!

My only goals were to bribe Mark Wilcox and Mark Waters enough to get a GOLD award for Old Red, but Steve Charney beat me to it! 2nd goal was to whoop up on Thomas Rightler as i owed him one for when i let The General slip out away from Old Red at Dragway 42.

Man, I was shocked when President Tom Morris called me up to the podium for his President's choice award. Unfortunately, i had made a long overdue call back home to my wife Michelle back at the car, yet i could see who was walking up for their awards.
And then i almost faceplanted myself jogging the 50 yards to the gazebo. I do not know what words President Tom used in his presentation, and for that i am regretful for stepping away. And if i had had even a 60 second prep on it, i think i would have said something like this....
" the main impetus and motivation for driving the chevelle 755 miles round trip (actual!) was not only to see old friends and make new, but ever since I met BOB WILCOX was also to be able to drive the car ANYWHERE, show the car more than respectably, RACE the car also more than respectably (thank you Mark Jones VORTECPRO for some help there) for a very stock appearing Chevelle. And even before Bob handed me a brand new MSD coil out of a box, in his car ON THE SHOWFIELD, when my coil pooched on the way down from Buffalo, Bob Wilcox was been my road warrior hero. I know many of you have heard me say, " I just want to be like Bob Wilcox" and its true. Drive anywhere. Run 11s*. Get home.
so i am a little grumpy, quite intolerant of BS and still carry a spare MSD coil ALWAYS, like Bob did. I'll never be as good as Bob, and no i did not hit the 11.9X ET I would have wanted in thick air @ Cecil, but i think * even Bob may have lifted the way Old Red was dancing around at the top end.

SO THANK YOU MCC, THANK YOU PRESIDENT TOM MORRIS and especially THANK YOU BOB WILCOX FOR AN INSPIRATION THAT DRIVES ME TO THIS DAY!
For those non MCC members on FB, Bob Wilcox was a founding member of MCC and passed over a decade ago. My Chevelle Hero to be sure. That award is dedicated to Bob.

Gene Chaas

38th Annual Mid Atlantic Chevelle Show

My memory story of the show ; During this past winter a new club member (Donald Troy) messaged me looking for parts for one of his 69 Chevelles he was assembling. Of course like most of us he was in a hurry, so after talking for a while I gained enough trust in him to just send a set of nos wheel trims to him and get payment another time (he remembered this on Saturday nights show diner buying Kim and my meal).

Over the next several months I sold Don several more items to help complete his project. I was excited to finally meet Don and his dream car which was completed on Thursday night before the show . He also lives 2 miles from the show park where he drove the 7.5 mile car too. Once Friday morning came I was pleasantly surprised by an amazingly completed Lemans blue 69 SS pro street car . This is the nicest of its kind I have ever witnessed. This 7 second street car has a stereo, a/c, wipers, back seat, more. The build of this car is simply amazing. I told Don he would most likely win best overall at the show, he chuckled. My point here is I enjoy selling parts to Chevelle guys and making new friends that we can commerce with at these shows. I also delivered several parts to the show for a 69 of the same to be Lemans blue SS for Don's wife that will also be debuted at the next MCC show .

Ed Fischer

2 unrestored Z16's!! The red one was my favorite car in the show. A unicorn of a car that should remain untouched for history. Thanks to the owner for bringing yet another heavy hitter a long way to enrich our show.

Upcoming MCC Meetings & Directions

As there are many ways to get to the meetings, please use mapquest or yahoo to get specific directions from your location.

Classified's...Buy, Sell, Trade, Services

For Sale

Participant's Choice Car Show Program
Tired of tabulating the Participants votes for a Participant Judged Show MANUALLY by hand? Not only is this very tedious, but prone to errors. I have the answer! I have developed an easy to use "Participants Choice Car Show Program" using Microsoft Excel. **Contact Donnie Gates at donnieg69@aol.com or More information at www.carshowprogram.com**

Tired of having streaked windows? Want to clean without chemicals? Call, email, or order direct Kimfischer6795.norwex.biz
Kim Fischer Independent Norwex Representative 860-459-8897

Wanted

Mcc Merchandise

Services

Computer Repairs. Looking for a new computer? Need an upgrade, virus removed, etc. Reasonable Rates. **Donnie Gates, 240-508-7874, Email donnieg67@aol.com**

MCC Members may advertise in this section at **NO CHARGE**. Ads will run for two (2) consecutive issues. The **DEADLINE** for your classified ad(s) is the 10th of the month. Ads with an E-mail address will be posted on our web site as well. Please send ad(s) to Tom Rightler via E-mail at bluess454@comcast.net

Please note: The month at the end of your ad is when it expires. Pictures will be used as space permits.
